Hi, Dorothy!

Today was my first day at school after a long vacation. I felt great because I \_\_\_\_\_ a lot of boys and girls. They are really nice.

Our first class of the day was geography. We \_\_\_\_\_ a video about volcanoes. It was so interesting that I \_\_\_\_\_ the teacher many questions. Fortunately, he answered all of them. Later, in gym class, my new friends and I \_\_\_\_\_ around the soccer field four times and \_\_\_\_\_ basketball. During the break we all \_\_\_\_\_ hot dogs and \_\_\_\_\_ about the things we did on vacation.

The third class of the day was art. I \_\_\_\_\_ a beautiful portrait of my mother and the teacher said that I was very talented. Finally, in language arts, the teacher \_\_\_\_\_ some poems on the board and we \_\_\_\_\_ them out loud. It was wonderful.

I really enjoy going to school because I learn a lot and keep busy. How about you? How was your first day at school?

Hugs,

Susie
